About *the Author*

Welcome to the literary world of Pragalbha Namrata — a versatile digital marketing professional and published author with 4+ years of experience spanning strategic operations, data analytics, and creative content development.

Writing under the pen name **Agnst_Ella**, I craft compelling narratives that delve deep into the complexities of human emotion, redemption, and the transformative power of love.

My unique background combines strong analytical skills with creative storytelling abilities, having successfully managed cross-functional teams, conducted comprehensive data analysis, and authored published works across multiple genres. With proven expertise in SEO optimization, conversion-focused design, and data-driven marketing strategies, I bring both technical precision and creative vision to every project.

As a freelance author on platforms like WebNovel and Wattpad, I specialise in serialised fiction across multiple genres including romance, fantasy, and drama — maintaining a 5-star rating across all freelance projects, adapting my narrative style to diverse storytelling demands.

Currently serving as a **Founder's Office Associate at Rolling Authors**, I continue to bridge the gap between digital marketing innovation and creative writing, leveraging my

Areas of *Expertise*

Ghostwriting

Full novels, serialised fiction, short stories, and narrative scripts across any genre — delivered with your voice, not mine.

Serialised Fiction

Chapter-by-chapter storytelling built for reader retention — WebNovel, Wattpad, Pocket FM, and platform-native formats.

World-Building

Fantasy universes, lore bibles, character hierarchies, magic systems, and setting documents that give a story its bones.

Multi-Genre Range

Romance, dark fantasy, political drama, horror, literary fiction, erotic thriller — adaptable voice and tone across all registers.

SEO & Content

Long-form SEO blogs, email campaigns, and narrative-led marketing content — particularly for publishing and creative industries.

Narrative Strategy

Helping founders and brands find the story underneath the business — structuring ideas into books, content, and public voice.
